

Human Collagen Type IV Alpha 3 (COL4A3) Protein (Biotin)

Catalogue No.: abx680514

Human Collagen Type IV Alpha 3 (COL4A3) Protein (Biotin) is a recombinant protein produced in Sf9, Insect cells.

Target:	Collagen Type IV Alpha 3 (COL4A3)
Origin:	Human
Expression:	Recombinant
Host:	Insect
Conjugation:	Biotin
Form:	Liquid
Purity:	> 95% (Capillary Electrophoresis)
Note:	This product is for research use only. Not for human consumption, cosmetic, therapeutic or diagnostic use.

For Reference Only
